LINZ II

LINZ views changes of the world from an inclusive perspective.
Flexible yet practical, it grows with your company.

The 2886 mm desk of LINZ perfectly divides reception area and working area. Its minimalist white color mixes with the gentle wood color, creating a visual impact of contrasting colors. Small things can make a big difference: with hidden divided grids, storage is as easy as pie, be it for books or decorations; with hidden cable routing system, the reception work is always well-organized.

Being transparent and open is a key feature of a modern office, which echoes with the two key indicators of corporate management: openness and inclusiveness.

*The S-43 Cassian color for the back cabinet needs customization.

Classic square understructure, sedate yet majestic, leaving ample space for your legs to move with ease. Side cabinet with large storage capacity is available for choice. You could put all your bags, clothes and books in, making all necessities within reach.

For marketing specialists, racing against time is a normal work status. This calls for a more concise and flexible workstation to make the best of teamwork as well as space.

Among the various kinds of desktop screens, select one that fits your desk best. Sturdy plate, acoustic felt, cozy mesh and transparent acrylic: all these materials are available, and they come in varied size, thickness, and colors, catering to diversified demands.

The metal understructure of LINZ is wear-resistant and anti-corrosive, with high precision and a fine matte coat. The desk adopts 45-degree beveled technique at the bending part and guarantees its stability with welding and polishing. LINZ always focuses on details.

The wire box exclusively designed for LINZ makes desk top clean and neat with its hidden cable routing system. A 20cm gap between strong and weak electric routes ensures no interference in power supply and signal.

Sharing, cooperation and interactivity: these are all what the workspace could bring and would encourage.

Collaborative meeting space encourages more team members to join in.
With a maximum length of 3.6m, LINZ meeting table could accommodate 8-12
people at one time, and one still gets plenty leg room.
