H'UP

H SHAPE

H shape is favored by designers for its concise contour and stable feature, and has been extensively applied to architecture and industrial designs, embodying everlasting classic.

A Chair That Follows Spine Stretching

Medical research has discovered that when the spine is under excessive pressure and overload, the muscles of the shoulders, neck, and waist are affected, leading to pain and discomfort. One-size-fits-all office chairs overlook the fact that different heights require different spinal support, failing to provide personalized support. However, H'UP can follow the stretching of your spine. The backrest independently adjusts by 50mm, customizing a unique size based on your height.

See, you are always sensitive to fashion and new trend.
H'UP, with support of the artistically-designed H-shaped backrest, is
the chair perfect for you.

30mm Forward/Backward Adjustment
Adjust for better shoulder and neck comfort.

100mm Height Adjustment
Fits all heights for consistent comfort.

20mm Side-to-Side Adjustment
Adjust width for elbow and neck ease.

You are thinking, and indulging yourself in this happy moment.

Dynamic Recline Adjustment

20° dynamic reclining backrest with angle lock, adjusts to your sitting position.

Seat Depth Adjustment

55mm forward-backward sliding seat cushion with a locking feature, ensuring a perfect fit for your body.

Seat Height Adjustment

Choose between 75mm or 85mm seat heights. Easy to adjust and lock in your preferred height, ensuring a comfortable fit for all body types.

Abandon the all-or-none thinking, and face the world in your best shape.
Adjust the height, broaden your horizon, and cope with any meeting of any topic easily.
